

Dear prospective preferred customer.

We have updated our preferred customer programs to be simple in nature. This document covers our 2009 preferred customer status. This document supersedes all documents in previous years explaining the preferred customer programs created to date.

Before we explain the details of the preferred customer programs, we would like to remind you that you can purchase or rent from EP even if you are not a preferred customer. Preferred customers garner benefits when renting/purchasing from us on more than an occasional basis. However if you only need to rent occasionally, than you can choose to forgo the preferred customer program and just use our vast and specialty linen inventory when needed at our already low prices.

Our “Choices” program is first in the nation. We give you the choice on linen and color and fabric without raising the price. NO Upgrade fees with Ep. If its available, \$1.99 for any poly cover with a poly or organza sash/\$2.50 for any upgraded chair cover and any sash set. Yes ANY cover. See wholesale pricing on our main affiliate rental site, www.EgPres.com.

Our main purchasing site is: www.WholesaleChairCover.com

Our unbranded selling tool for you to use is: www.EventLinen.com

After reviewing this document, you're on your way to adding a new profitable line to your existing business, the EP line. You don't need to inventory any items unless that is within you goals.

Next Steps:

Call the office to set up an appointment to speak with our PC (Preferred Customer) consultant. They can help you get started to profitability.

Order sample cards of all fabrics and colors. Each material is a card that contains all colors available for that fabric. We have hundreds of specialty cards, but order our staple Poly, Organza, Crush, Satin, and Lamour (extra fee) cards.

Order sample covers, sashes and cloth. Buy some individual items to showcase your new product offering. Seeing is believing. Having samples of our specialty covers sells themselves. You may by one of each of what you would like to promote.

Please let me know if you have any additional questions.

Deborah Layne
President, Elegant Presentations

Partner Preferred customer Benefits:

The most successful preferred customers are those who own a base set of inventory on common items. To be successful you need standard poly white and ivory covers and tablecloths. This is because you do not need to rent these items from EP for every event, thus adding to your bottom line rather than ours. If EP is to be successful, than you must be successful first. We do have customers that do rent from us rather than own, but are not treating the specialty linen business as the main stream of revenue.

We have honed our partner preferred customer agreement down to the following simple guidelines. To preferred customer yourself with EP and garner the benefits listed below, a commitment of \$1000 in rentals or purchases annually and TWO different events qualifies you for the benefits of a Preferred Customer Status. This is an annual part of the process and runs parallel to the calendar year. There is no negotiation on this, at any time or for any reason. This commitment you make entitles you to the following:

Access to print and marketing materials. Brochures and business cards (Print fee associated).

Instant websites capable of bringing your customer close to an immediate booking. We receive approx 5000 unique visitors daily on our sites. Utilize our UnBranded website, www.EventLinen.com to give to your prospective clients. They will have no awareness of Ep, or that we even exist. You may even pass the website off as your own. This tool gives you a fully functioning gallery of pictures, fabrics, color options at your exposure. This will INCREASE your sales by allowing your customer to see lots of options. It will also save you time as your customer can browse at their own leisure and report back to you with possibilities, or better yet, their selection!

Rent from our vast inventory at a 10% discount after the first \$1000 (ANY Std Chair cover rental and ANY Std sash rental for \$1.81 or upgrade at \$1.99). If you rent the set and install usual per chair charges is \$4.99. That means you earn a \$3.00 profit per chair. 225 chairs = \$675 profit per event. If you own your own chair covers you keep all but \$.99 (sash rental) per item.

You also qualify for a SPECIAL preferred customer tablecloth option that enables you to rent any large round specialty tablecloth (Satin Lamour, Organza, Crush, Iridescent Crush, Embroidered Organza, Pintuck, Tissue Lame, etc..) for \$15 and any 90" or 72" square for \$12 that we have in inventory that is available for your event. These cloths are on a first come first serve basis for a specific weekend. Normal pricing on these cloths range from \$60-\$25 for large rounds and \$45-\$20 for squares. Call any large supplier and ask for the price for a rental on a 132" Rd in Pintuck. Our rental price to affiliates is 14.99 per cloth.

This is a key to the preferred customer program. Having to say NO to your customer doesn't get you far. If you have to continually say that the item is not available then you

may garner the reputation in your area as a “small time” operator and aren’t used by large institutions. Hotels, banquet facilities, halls, caterers, and wedding planners expect that you can deliver like the industry leaders. With an EP affiliation, you can say yes much more often. We have volume and variety in our linen lines that can help you feel confident in approaching these large institutions. This backing is priceless as our inventory becomes accessible as your inventory. You can choose to purchase the linen continually but this eats up valuable profits and can make profitability a long and far reaching goal. If a client needed Orange Lamour 132” round tablecloths, you could spend hundreds to thousands of dollars procuring the item. If you can re-rent the item quickly, we urge you to buy the item using EPI. But if you do not think you can then this is where we have great value to our preferred customers.

Purchase from our sister company EPI with a 20% discount off of our wholesale price (see www.wholesalechaircover.com for current pricing). (Chair covers new = \$4.99-%20 = 3.99 , 12” WIDE 12” Organza sashes = \$2.78-20%=\$2.24)

The 20% discounts are only valid on our normal wholesale pricing. Any inventory reduction or seasonal pricing if cheaper than your wholesale price would not be discounted by the 20%. These special pricing periods usually occur in December, January, and February.

This is the other key to the affiliation program. Let me say that again. This is another MAIN key to the preferred customer program. EPI was formed five years ago and is in the process of amassing a multi-million dollar saleable inventory. From white and ivory covers to Olive and Garden Fuchsia sashes, EPI will have items for you to purchase quickly (ships same day). EPI’s items are priced up to 25% below the other leading linen houses in the US. This means immediate savings for you as you grow your business as most purchase prices of EPI items are covered through the use of the item 1.4 times. This is a key as you need an immediate return on your investment. The second rental of your item purchased through EPI has the item pay for itself and earn you valuable profit.

Most businesses think they can achieve this by themselves by purchasing from small fabric shops, large competitors, or by going overseas. These options all take lots and lots of time and money. We currently have our warehouse in Illinois and Phoenix, AZ will be adding two additional in the years ahead. These two other facilities will be located in the Southern region and on the eastern seaboard. So quick shipment with small delivery times will lessen the costs associated with shipping fees.

Let me give it to you straight. Buying linen overseas is an option for you but if you want to offer anything other than Organza (which is a very lightweight fabric), this option is not viable to airship overseas goods. It takes months normally to ship the goods overseas. EPI does buy linen from around the world, but we buy at extremely low prices because we buy in volume and we have been purchasing items for years. This is extremely valuable as many suppliers overseas dictate higher prices to newer entrants plus hold minimum quantities per item per color per fabric per size. If you only need 100 items, EPI can sell you this small quantity and have it on your doorstep in a day or two.

Overseas suppliers are used in the industry for very lightweight air-shippable items to get the savings.

Many small competitors only offer organza for this reason. They limit their customer's choices due to their business model. This works for the client that wants the absolute cheapest, but is not where EP is targeting. There are small companies offering cheap chair cover options on the internet, but they do not have the capacity to serve every need as many customers of theirs have turned to EP when they came up short at the last minute. Using EPI garners savings, speed, and ultimately, choice. This is the key in becoming a successful and growing business. With you being local, you will get the order first before national chair cover companies like EP because you are local. This is extremely important for customers as 50% of the people we speak with don't choose EP (survey) because we are not local. This is where your business will have an immediate advantage. The same survey also listed that fact that many of these same people would pay MORE for product if the company were local.

We at EP believe that in the next five years there will be chair cover competitors flush in every market. The profit margins are high and the demand keeps getting stronger (our sales have doubled every year since 1999). Now is the time to get this business started. One year from now will be too late. What we see as the key (consultant) for this industry in that timeframe is to have a local presence as national competition with national chair cover companies will depress the price so dramatically that many national companies will not be able to earn enough of a profit to make the business worthwhile. That is why we are ultimately getting diversified with this preferred customer program to ensure we are not one of these.

Can gain hundreds of new orders that we generate and “Sell to you” for 20%. (IE if we book an event of 300 covers and sashes at \$3 for the set you can choose to take the event if we offer it to you earning \$720 for you if you have the inventory). We do all marketing, sales, office, administrative, payment collection, invoicing paperwork, acquiring rental contracts, and any collections if needed. You service the event and we send a check to you for the \$720 and any fees collected.

Be allowed to procure our rental inventory in November before it becomes available to the public. We sell hundreds of thousands of items each winter to make room for our new items coming in. Our promise to our clients commit us to sell inventory EVEN though it is in excellent condition. Some items may have only been rented two or three times since it was broken out of the packaging. You take the public discount of 20% off our purchase price (used items are typically sold at a 20% discount from new prices) and an additional 20% for being an preferred customer. This amounts to 40% off our wholesale purchase price for procuring a used item. (see www.wholesalechaircover.com for current pricing). (Chair covers new = 5.99-20% for being used = \$4.99-%20 = \$4.00 , 12” Satin Lamour sashes = \$3.46-20%=\$2.78-20%=\$2.24). The values are endless.

Software. We can send you a blank copy of our proprietary software that keeps us organized for the hundreds of events we manage every month for free. From scheduling, billing, and tracking the item gets you prepared for those busy summer months.

Consultancy. We will make sure that you are headed in the right direction. Time is scheduled with you and your partners to review your business plan initially if needed and when changes in your business dictate assistance. On site consultancy is available for you for warehouse setup, marketing, or general business reviews. There are fees associated with the onsite consultancy but is equally valuable as we have been in the industry since 1999 before chair covers became a must at every special event.

Premium PREFERRED CUSTOMER option. Pay to advertise with a direct line to your business by getting your website and direct contact information on all our sites.

EP's ultimate desire is to service only large businesses and EP Preferred customers. Our five year plan has this being our number one goal. We will list your telephone number, address, email address, website (etc) directly on our chair cover targeted websites. Garner an immediate national presence. Our current websites in October raked in almost 20,000 unique visitors searching for chair covers and linen. For the nation our average ticket per rental order is \$667. That amounts to over \$206 million dollars from real customers searching SPECIFICALLY for chair covers. These are not just wedding browsers. Most of these folks will find and rent covers from someone, why not YOU. We will begin promoting 20+ more marketing sites that will propel these figures well beyond their current total in the coming year. This allows you to not sacrifice your profit by lowering your prices to try and capture the rental sale. This is because in our consultant's estimation we will maintain 25% of the top 10 spots for the proper keywords on all major search engines in the next year and for years to come. We already have a presence in the top 10 on all major search engines, Search for yourself. We own the following websites (Bolded are active. Unbolded are yet to be created as we can't handle the current volume today):

The fee for your direct information is directly linked to prominence, placement, guaranteed listing status, and metropolitan area population.

Metropolitan area population (**MSA: (Metropolitan Statistical Area) based on the census**)

This is the base “premium preferred customer advertising fee” that will allow you to be directly listed on our site so that consumers contact you directly. This allows you the full 100% of all rental revenues you derive from your sales and marketing that you exert to gain that order. We take no percentage as we do not have any contact with the client the clicks thru directly to you.

This annual fee payable in January or in January and June (Split) will be based on the population of the state/region that your link will be placed on. Small areas/regions of 50,000 people will only carry a fee of \$250 annually. 500,000 people will carry an annual advertising fee of \$2500. One million people in your area will constitute a fee of approx \$5000. See the addendum at the back of this document for all Large MSA advertising prices. Smaller areas need to be estimated by EP. Most people will balk and stop reading right here but you must realize the *return*. Take the Los Angeles area for example. We have taken hundreds of orders annually from the LA area even being based in IL. Imagine how many more events you can garner by not having to levy shipping fees like we need to. We probably only captured 10% of the calls that would have been made had we been local. But figure 100 events to play it safe. Our average rental sale for LA in 2006 was 887.13. (Approx 260 chair covers). We made in revenue from the LA area (which is one of our smallest markets) in 2006: 88,713. Remember, this is probably **ONLY** 10% of the traffic we could have gotten had we been local. Do the math, you get the point. NJ had approx 201 orders this year for us (we are a lot closer and shipping fees

much less than CA). \$200K in sales this year. Again probably only 30% of the calls were made knowing that we were not local. Our websites are directly linked and associated with all of the top major search engines. We also advertise via pay-per-click and as we amass more preferred customers will own an ever increasing presence as additional dollars can be spent on national advertising campaigns and on increasing the number of indexable sites that we already own. We advertise on the theweddingvendor.com, knot.com, mywedding.com, wedshop.com, partypop.com, and many many other pay sites to bring us traffic. These also can be yours....

ALL areas will need to be cost estimated by us as these figures are approximates.

Remember these are big ticket item sales. We hold out of town events that run in the thousands of dollars every month. Not uncommon.

We understand that many people will forgo this option, but those that do will see an immeasurable benefit. The phone will begin ringing immediately.

We will have a cancellation clause that will allow you to cancel after one quarter if your are not satisfied with the ROI of the advertising program, but we do not expect that anyone will. This is to assure you that our claims are genuine and that what we are representing will hold true in your market.

The ad will consist of Company Name, Address, Contact Numbers, website, and 100 word descriptions. (Future – customer rating system)

Prominence.

Additional annual fee (\$1000) is levied for number one placement on the state/region page. You will be the first local business listed when the searcher clicks onto your geography.

Placement.

Additional annual fee (\$750) is levied for number two placement on the state/region page. You will be the second local business listed when the searcher clicks onto your geography.

Additional annual fee (\$500) is levied for number three thru five placement on the state/region page (first come first serve order). You will be in the top five local businesses listed when the searcher clicks onto your geography.

Positions five thru ten are listed at no additional charge per each geography.

You will be able to pay for sole ownership of the sate/region in the future so that no other company is listed in your area, creating little competition for you on our sites.

These spots are on a first come first serve basis, you will also have the option to renew each year in the same position first so as you don't need to worry about a bidding war

with someone willing to pay top dollar for your spot. These auctions are becoming popular in the industry but we do not believe it rewards customer loyalty. A cap based on national economic indicators and the like will be in place to ensure that annual increases are justified. Ep also reserves the right to sever our relationship if customer complaints warrant such an action. Things such as quality issues, fraud, deceit, reliance and dependability issues, and overall customer satisfaction will be grounds for removal. A pro-rated return of your advertising fee will be made in such cases (Quarterly) where we must sever the affiliation. We will work with you to correct any issues but two warnings will be given before action can be taken. EP also reserves the right to include a rating system visible on the main preferred customer listing page in the future for all preferred customers (rating by its customers).

National preferred customers will not be available at this time but EP reserves the rights to allow preferred customers to advertise in more than one geography. All rules apply.

To begin as a partner preferred customer, send us a full listing of those cities that you wish to do business in from the regions below. If the region (MSA) is not listed than call for a quote. Note, small satellite suburbs of large MSA's will not be listed as a stand alone. Any new region added by us must reside at least 45 miles from all the MSA's listed below. This protects our larger preferred customers paying premium advertising dollars.

There will be only a one page commitment contract if you should decide to preferred customer with EP. This states that you are personally liable for all events you take from our national recruiting that we hand to you.

There also is a contract if you decide in the preferred customer advertising program. This ensures that we honor our commitment to you.

That's it. Pretty simple and clean. All fees are paid quarterly or annually. If paid quarterly a \$20 fee applies to each and every quarter as a transaction fee. If paid annually no additional fees apply.
